

PREDATOR

ULTIMATE

abba·commercials
Automotive Evolution

PREDATOR ULTIMATE is the most technically advanced tipping body in the UK market place. ULTIMATE STRENGTH, ULTIMATE PAYLOAD!

PREDATOR ULTIMATE

The Predator Ultimate has been developed to offer ultimate flexibility to the modern operator. Manufactured utilising our automated manufacturing equipment combined with highest percentage of HARDOX™ makes the Predator Ultimate the most technically advanced tipping body in the UK market place.

The Predator Ultimate can transport aggregates into a site and then waste out – minimising unpaid miles.

We are so confident that the Predator is the Ultimate tipper that each body includes a five year structural warranty.
